COMPANY PROFILE

Introduction

NICE stands as one of the world's oldest and most esteemed manufacturers of bathroom fittings, renowned for its unwavering commitment to quality and elegance. Guided by the visionary leadership of its management, NICE has rapidly ascended to new heights. By evolving with changing lifestyles and recognizing the need for distinctive architecture and decor, NICE has redefined contemporary bathroom fittings.To meet the growing demand in both domestic and international markets, NICE established a state-of-the-art factory, operational since January 1985.

Innovation / Development

This facility, equipped with the latest technology and machinery, significantly boosts production capacity. The factory produces a diverse range of designs, from traditional to modern, with meticulously monitored finishes including plain chrome plating, mixed plating, and various colors. NICE's dedication to continuous research and development ensures that its products consistently meet the latest aesthetic and functional market demands. The entire production process—encompassing casting, machining, electroplating, powder coating, painting, and assembling—is conducted in-house to uphold the highest quality standards.

Pride

Known for its unique and extensive range of luxury bathroom fittings, NICE designs and exports its products globally, catering to the diverse needs of its clients. The company's team of highly qualified professionals and managers is driven by a strong sense of customer satisfaction. Currently, NICE boasts an extensive network of over 600 dealers across Pakistan, underscoring its strong market presence and customer reach.
